Turbold Amar

Senior Frontend Developer @cody.mn
Ulaanbaatar, Mongolia

Summary

As a front-end developer with over 6 years of experience, I specialize in building intuitive and responsive user interfaces using HTML, CSS, and JavaScript. I have a strong understanding of web development best practices and am proficient in modern frameworks such as React and Vue.js. In my previous roles, I have contributed to a variety of projects, ranging from small websites to large-scale web applications. I am always looking to learn and stay up-to-date with the latest technologies and am passionate about creating elegant and functional solutions for my clients. In my free time, I enjoy experimenting with new design techniques and attending industry events to stay connected with the developer community.
